Dear Mr. Leggett:

This is in reply to your letter of 29 January 1974 regarding the Bangkok press reports of CIA involvement in the preparation and mailing of a letter which was allegedly from a Communist leader in Thailand.

I share your concern about such reports and as you know I discussed the matter when I met with the full Armed Services Committee on 5 February 1974. I believe all of the essential facts are in the transcript of that briefing. I also reported earlier on the matter to the Intelligence Subcommittee.

If there is anything further I should provide, I will be pleased to do so.

Sincerely,

W. E. Colby  
Director
